The Town of Greenwood's 2007 Annual Report
is respectfully dedicated to the memory of

Leah S. Deegan

Leah S. Deegan became a resident of Greenwood when she married Joseph P. Deegan in 1950. They made their home in the Irish Neighborhood and raised four children.

Leah was active on the Greenwood Democratic committee, a member of the Greenwood 175TH Birthday committee, a ballot clerk for many years, a Grange member for over 50 years and a Locke Mills American Legion Auxiliary past president and a member of over 30 years. Leah spent many years working in the kitchen at the Legion preparing food for suppers and the twice weekly bingo games. Leah was also instrumental in turning the Legion Hall into a shelter in case of an emergency.

We truly appreciate the many hours that Leah has given to our community. She always had a smile and was willing to help anyone in need. People like Leah are who make Greenwood so special. Thank you, Leah.

A SPECIAL THANKS TO OUR VOLUNTEERS & COMMITTEE MEMBERS

GREENWOOD HAS ALWAYS BEEN PROUD OF OUR ACTIVE, VITAL COMMUNITY. WE WANTED TO RECOGNIZE ALL THOSE WHO HELP KEEP OUR COMMUNITY ALIVE.

TO ALL WHO HAVE STEPPED FORWARD AND DONATED YOUR PRECIOUS TIME TO SERVE, WE ARE GRATEFUL TO YOU FOR YOUR HARD WORK AND DEDICATION. THANK YOU FOR A JOB WELL DONE.

GREENWOOD SELECTMEN

Dear Residents of the Town of Greenwood;

Spring is almost here and it is time for the Town of Greenwood's Annual Town Meeting. Last year we began the practice of providing you with a written narrative of the Town's achievements and shortfalls. We received words of thanks and encouragement, so we have adopted the practice.

Last year certainly had its challenges. With economic challenges at the federal and state level, the town had to make some tough decisions regarding the municipal budget. Vigorous discussions related to water levels and the expansion of business ventures consumed a lot of time and energy throughout the summer and well into the fall. The winter brought record-breaking snowfall, ice accumulation, salt shortages, and an exhausted road crew.

Through it all, the town ultimately came together and can be proud of significant achievements.

- A Water Level Committee was formed. They have established a policy for a fall drawdown and are working on completing the remainder of a comprehensive Water Level Management Policy.
- New Dam Keepers have been appointed. Butch Fuller and Pete Seaman have volunteered to execute the requirements defined in the Policy.
- The Planning Board has been busy updating ordinances and expects to hold public hearings on Flood Plain, Land Use, and Shoreland Zoning Ordinances this summer.
- The Capital Improvement Committee is up and running. They have made great progress toward establishing a long-term framework for the Capital Improvement Plan and are beginning the arduous task of creating an inventory and making a general condition assessment of all of the Town's capital assets.
- The Town Office has implemented Federal Accounting Standards, which will increase accountability and checks and balances in the Town's financial management.
- A regional effort to share an Emergency Management Director was completed. Harley "Skip" Mowatt was hired to serve the towns of Greenwood, Paris, West Paris, and Hebron.
- The Greenwood Fire Department and Greenwood Fireman's Association had a banner year for fundraising and have acquired value added equipment at no cost. Through donations to the Save Our Fire Services Fund, various fund raising activities conducted by our dedicated firefighters, and a loan for \$5,000.00, the Greenwood Fireman's Association was able to purchase a proper squad truck to replace the broken down old bus.
- A recent donation from the Stephen and Tabitha King Foundation enabled the Fireman's Association to pay off the loan and they, in turn, wish to donate the vehicle to the Town.
- The road crew also had a banner year. In addition to their planned summer road work, they plowed, scraped, sanded and salted their way through 24 snow and ice storms for a total of 165 inches. The Town of Greenwood's winter roads are heralded by residents and visitors as some of the best in the county thanks to this hard working, dedicated (and exhausted) crew.
- The Maggie Ring Nature Park was opened and dedicated. The Park has already provided many summer day hikers with a great deal of pleasure and this winter has seen a number of snow-shoers enjoying the great outdoors in Maggie's Park.

There will never be a shortage of work to be done in town government and 2008 will be no exception. Town Boards, Citizen Committees, departments and elected officials all have urgent work to complete and new challenges and requirements to meet. With your help, support, and input we will continue to overcome obstacles and maintain the Town of Greenwood as the great place we are all proud of.

Respectfully submitted;

s/ Loretta Mikols, Chairman of the Board of Selectmen
s/Wayne Hakala, Selectman

s/Fred Henderson, Selectman
s/Kim Sparks, Town Manager

To All Taxpayers and Residents of the Town of Greenwood;

The Capital Improvement Committee was formed by the Board of Selectmen to work with the Town Manager to assess the current status of the Town of Greenwood's capital assets and liabilities. The committee was further charged with developing a depreciation schedule and making a recommendation on the disposition of each asset and liability. The Committee was directed to issue interim reports on its progress and findings while it is working on its final report. This is the first formal interim report, although, verbal updates have been given at two public selectman's meetings.

The town has limited liabilities on its books, therefore, the committee decided to first focus attention on the asset side of the report. Our first action was to agree on a definition of "capital asset". We defined a capital asset as 'any town owned asset that requires replacement, upgrade, maintenance or repair'. It includes:

- buildings and structures,
- vehicles and equipment,
- roads and bridges,
- other properties (primarily land).

All these items experience wear and tear and need to be routinely maintained and, at some point, replaced.

Next, we agreed on a plan to logically and systematically tackle the job. The steps we agreed on are:

- develop an inventory of the town's assets including the general condition and functional life expectancy for each item,
- compile a cost estimate to maintain, repair, upgrade, and replace each item,
- determine the appropriate source(s) of funding for each asset,
- develop a maintenance/repair/replace schedule to address each asset,
- determine the sequence to tackle each need based on the critical competing priorities, and
- prepare a report for the selectmen and taxpayers to review and provide concurrence and/or further direction.

We have made great progress toward creating an inventory and condition assessment, compiling maintenance and repair cost estimates and determining appropriate sources of funding, however, there is still a great deal of work to be done. Currently, the Capital Improvement Committee is made up of only three members; we need additional help in the form of full time members or people who have a specific skill or experience to help the committee on an as needed basis. We particularly need help in the areas of building and road engineering and grant research and writing.

The committee has made several observations that are worth sharing prior to the final report. On the positive side, our department heads are dedicated, knowledgeable, professionals who have done an exemplary job maintaining their department's equipment with creative solutions and within budgetary constraints.

Observations that are cause for concern are:

- Most of the Town's buildings have not been maintained at an appropriate level. Some structures are being used for purposes not originally intended, therefore, money is being wasted on maintaining unused space, inefficient operations, retrofitting and repairing.
- The lack of a plan to save for capital expenses has caused the town to have to react to urgent needs rather than being prepared to handle a planned expense.
- Since 1993, over 2 million dollars has been taken from surplus and reserve accounts to reduce taxes. As a result, there are insufficient funds in surplus to cover the amount recommended by our auditors to pay bills in case of emergency, and minimal funds in reserve to pay for capital expenses and improvements.
- The primary source of funding for capital expenses is from property tax. Many grants for capital improvements are based on the "richness" of the town. The Town of Greenwood is considered too wealthy to qualify for many of the available grants because of the ratio of property value to population. Greenwood only gets "credit" for a population of 802 citizens spread across a property value of 154.7 million dollars. Only 26% of the value of the property in Greenwood belongs to residents who have filed for homestead exemption; the remaining 74% belongs to part time or seasonal residents or owners of unimproved land. This means that 74% of the property taxes collected are from taxpayers who have little impact on the infrastructure to which they contribute.

There is significant work ahead of us, as a town, to identify the priorities to:

- maintain, repair, improve, or replace the town's physical infrastructure and equipment,
- develop work plans and depreciation schedules, and
- implement the agreed upon improvements.

While we continue to evaluate the state of the Town and develop a workable plan, we feel the immediate priority is to establish reserve accounts specifically designated for capital improvements and to begin funding them for future needs. The Capital Improvement Committee is fully supportive of the Selectboard's decision to establish a Reserve Savings Account and seek annual funding via its own article on the Annual Town Meeting Warrant.

Respectfully submitted;

The Town of Greenwood Capital Improvement Committee

INDEPENDENT AUDITORS' REPORT

To the Board of Selectmen
Town of Greenwood, Maine

We have audited the accompanying financial statements of the governmental activities of the Town of Greenwood, Maine as of and for the year ended December 31, 2007, which collectively comprise the Town's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Town of Greenwood, Maine's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities of the Town of Greenwood, Maine, as of December 31, 2007 and the respective changes in financial position, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The management discussion and analysis and the budgetary comparison information as listed in the table of contents, is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Greenwood, Maine's basic financial statements. The combining and individual fund financial statements, listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The supplementary information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

(Concluded)

Reconciliation of the change in fund balances - total governmental funds
to the change in net assets of governmental activities:

Net change in fund balances - total governmental funds \$ (29,469)

Amounts reported for governmental activities in the Statement of Activities
are different because:

Governmental funds report capital outlays as expenditures while
governmental activities report depreciation expense to allocate
those expenditures over the life of the assets:

Capital asset purchases capitalized	\$ 195,119
Depreciation expense	(199,882)
	\$ (4,763)

Government funds report changes in deferred taxes as revenues while
government activities do not report changes in deferred taxes

\$ (1,731)

Repayment of debt principal is an expenditure in the govern-
mental funds, but the repayment reduces long-term liabilities in
the Statement of Net Assets:

Bond obligation principal payments, net of new debt incurred	\$ 44,532

Recommendation: Friday, November 29, 2008

Article 24: To see if the Town will set a rate of interest to be paid after the due dates on delinquent taxes.

Recommendation: Interest rate: 11% - The maximum allowed by David Lemoine, Treasurer of State (Title 36, M.R.S.A. Section 505.4)

Article 25: To see if the Town will set a rate of interest to be paid by the Town on abated taxes at 2.5% pursuant to (Title 36, M.R.S.A. Section 505.4)

Recommendation: Selectmen recommend the article to pass.

Article 26: To see if the Town will vote to authorize the Tax Collector to accept tax payments prior to the commitment of taxes.

Recommendation: Selectmen recommend the article to pass.

Article 27: To see if the Town will vote to authorize the municipal officers to spend an amount not to exceed ¼ (25%) of the budgeted amount in each budget category, except that for winter roads, of the 2008 Annual Town Meeting during the period from January 1, 2009 to the 2009 Annual Town Meeting.

Recommendation: Selectmen recommend the article to pass.

Article 28: To see if the Town will vote to authorize the municipal officers to appropriate from unappropriated surplus as the auditor advises to meet unanticipated expenses, loss of revenue, and emergencies that occurred during the fiscal year 2007.

Recommendation: Auditor recommends \$ 49,393.00 to be appropriated from unappropriated surplus.

\$ 39,550.00 – Loss in State Revenue – Tree Growth and Revenue Sharing

\$ 8,000.00 – Loss in Local Revenue – Ex. Tax, Building Permit Fees and Diesel Taxes

\$ 1,843.00 – Insurance Expenses

Article 29: Shall the Town vote to authorize the Selectmen to sell by bid/bidding real estate acquired for non-payment as they deem advisable for the best interest of the town to be advertised once per week for two consecutive weeks in the two newspapers of local circulation and the Selectmen may without auction or advertisement to sell to the person or persons to whom a property was taxed at the time the property was acquired by the town, or to their heirs or assigns, such property and amount of the accrued taxes, interest and costs within twelve months after foreclosure shall deliver a municipal quit claim deed for such properties. Also, to authorize the Selectmen to keep any part or parcel thereof for municipal purposes and use.

Recommendation: Selectmen recommend the article to pass.

Dear Citizens of Greenwood:

It continues to be my pleasure to serve as your State Senator. Thanks to all who have contacted me with your questions, comments and concerns. It is most helpful to me as I review the many matters that come before me in Augusta.

Heating fuel and gas prices are at record highs and we all worry. I try to put things into perspective, however, and give thanks for all that we have here in Maine. Yes, we face challenges right now, but I am optimistic that if we use our "Yankee ingenuity", we will rise to meet those challenges and maybe find even better ways of doing things in the process.

The state has increased the amount it provides to communities for local K-12 public education and now pays 55% of those costs. Statewide, that amounts to over a billion dollars annually. We also continue to send dollars back to the towns for local roads, general assistance, revenue sharing and property tax reimbursements for tree growth, veterans' exemptions, homestead exemptions, commercial vehicle excise taxes, waste facility exemptions and snow grooming equipment exemptions. It is easy to forget just how much money is funneled back to our towns. There are also many state agencies that provide grants to towns for a variety of local projects.

Another step the legislature took this past year was to increase funding for the "circuit breaker" program. We also expanded eligibility guidelines, making many more Mainers eligible for the program (both homeowners and renters). In the first 4 months of the cycle for tax year 2006 (which runs from August 1, 2007 – June 2, 2008), almost \$1.5 million was rebated to Maine taxpayers in my Senate District alone! Check out my website (above) for details on the program or to request an application.

Legislative sessions are now broadcast live at <http://janus.state.me.us/legis/audio/direct/SenateV.html> and committee hearings and work sessions remain open to the public - check schedules for either at <http://janus.state.me.us/legis> or by calling the Legislative Information Office at 287-1692.

Thank you again for the honor of representing you. I wish you and your family the best in 2008!

Sincerely,

State Senator Bruce S. Bryant

Dear Friends:

It remains a pleasure to serve as your State Representative; and I would like to thank you, the citizens of Greenwood, for this tremendous honor. I am grateful for the confidence you have placed in me to be your voice at the Capital. January brings the start of the Second Regular Session of the 123rd Maine State Legislature; and I am optimistic that we, as lawmakers, will work cooperatively in bringing about positive change for our state's future.

As the Lead Republican Member of the Joint Standing Committee on Appropriations and Financial Affairs, I will be closely involved with other legislative leaders and the Governor in crafting revisions to the state budget. At this point Maine is facing a \$95 million shortfall and we must curtail our expenditures if we can expect our state's budget to balance. This will surely entail lengthy debate and very difficult decisions; however, I eagerly look forward to the challenge.

In the next four months, my colleagues and I will also resume negotiations on bills carried over from the previous session as well as deliberate over the hundreds of new emergency requests submitted by legislative members, state departments and the Governor. Topics will include the new school administrative reorganization law, the proposed county jail consolidation, affordable health care and additional federal monies to assist folks with fuel costs.

You are able to observe the direction of these and numerous other proposals being worked on at the State House by visiting the Legislature's Web site at <http://janus.state.me.us/legis/>. From here you can browse bill summaries and roll call votes, view session and public hearing schedules, listen to committee hearings or watch live streaming video of the House and Senate.

Again, thank you. I greatly appreciate your trust and I ask that you continue to contact me with questions, thoughts, concerns and ideas for change. Your input is truly valued as it helps me to better represent you, my constituency.

Sincerely,

January 2008

Dear Friends,

I would like to thank the people of Maine's Second Congressional District for the opportunity to serve you in the United States House of Representatives. It is a great honor for me to represent the hard working men and women of Maine in Congress.

We've made progress for Maine people. Working with community groups, town leaders, economic development experts, and many others, I was able to pass my Northern Border Regional Commission bill in the House. This bill would bring much needed federal dollars to the state for economic development purposes. Such an investment would help create jobs, slow outmigration, and strengthen our communities. I will continue to work with members of our Congressional Delegation to ensure that it becomes law.

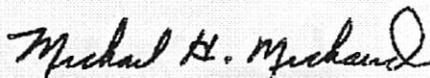

In Maine, many of our friends and neighbors are veterans. As Chairman of the Veterans Affairs Health Subcommittee, I have worked to make health care more accessible, increase the overall spending for the Department of Veteran's Affairs, increase reimbursement for veterans who have to travel great distances and assist veterans suffering from traumatic brain injury. In the coming year, I will continue to work hard for our veterans to make sure that the federal government lives up to the promises made to them.

I also remain committed to providing quality constituent services and with long distances to travel; it is sometimes difficult for people to reach one of my regional offices. That is why my staff will continue to hold office hours in various communities throughout the District on a regular basis.

If my office may ever be of assistance, please do not hesitate to contact me at my Lewiston office at 207-782-3704 or by emailing me through my web page at www.house.gov/michaud. While on my website, I also encourage you to sign up for occasional e-mail updates on the various issues facing Congress that are important to Mainers.

Thank you again for the opportunity to represent you in Congress.

With warmest regards,

Michael H. Michaud

JAN 25 2008

Dear Citizens of Greenwood:

As we mark the beginning of 2008, I welcome this opportunity to share some of the work I've done during the past year representing Maine in the United States Senate.

Maine plays a critical role in our national security through the men and women who serve in our active duty forces and our National Guard and Reserves and through the skilled employees who work at our defense businesses and installations. As a member of the Senate Armed Services Committee, I successfully supported the vital work at Bath Iron Works, Pratt & Whitney, the Portsmouth Naval Shipyard, and the Defense Finance and Accounting Center, as well as at smaller companies like Hodgdon Yachts and Global Research Technologies.

On the Senate Homeland Security Committee, I have worked to better protect our nation against the threat of terrorist attacks and to strengthen the federal partnership with our emergency managers and first responders in responding to natural disasters. The disruption of terrorist plots last year and the improved federal response to natural disasters, such as the Patriots' Day storm here in Maine and the wildfires in California, demonstrate that these efforts are producing real results. Building on our past successful efforts to reform the intelligence community and to increase security at our nation's seaports and chemical facilities, I worked with Senator Joe Lieberman again, to gain approval of a new law further strengthening our homeland security.

With so many pressing needs in this country, we cannot afford to see taxpayers' dollars lost to waste, fraud, and abuse. Working with the Inspectors General, I have written a bipartisan bill to reform wasteful government contracting practices. The Senate approved this bill in November, and I hope it will become law later this year.

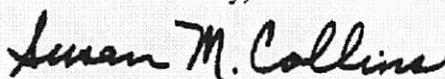

Congress last year passed several bills that I advocated to improve health care, expand aid for education, and protect our environment. These include increased funding for the program to expand access to dental services in rural communities, additional funding for diabetes research, and an extension of a tax deduction for teachers. As a member of the Special Committee on Aging, I worked to create a Task Force on Alzheimer's Disease and introduced a bipartisan bill to block cuts in home health care.

Record-high energy costs are imposing a tremendous burden on our low-income families, truckers, and small businesses. With a bipartisan coalition of Senators, including Olympia Snowe, I fought for increased funding for the Low-Income Home Energy Assistance Program (LIHEAP). We secured a \$400 million increase over last-year's level and will continue to press for additional funding. I also have called upon the Department of Energy to stop buying oil for the Strategic Petroleum Reserve until prices moderate. There is no compelling justification for the Department to take oil off the market at a time when prices are sky high and consumers are struggling to heat their homes and fill their gas tanks.

We need to embrace the goal of energy independence to reduce our reliance on imported oil by developing bio fuels, such as cellulosic ethanol, by increasing fuel efficiency standards for vehicles, and by supporting research into better technology. The new energy law takes significant steps in the right direction.

I am grateful for the opportunity to serve the great State of Maine. If ever I may be of assistance to you, please do contact my Lewiston office at 784-6969.

Sincerely,

Susan M. Collins
